**BOSCH**

Invented for life

# Diverse and Extensive: Vehicle Electrics from a Single Source

As leading innovator in terms of vehicle electrics and electronics, Bosch offers a great range of products. Bosch covers the complete needs of workshops and trade - at the well-known high level of Bosch quality, of course. Leading car manufacturers around the world therefore equip their vehicles with vehicle electrics from Bosch.

## Horns and Fanfares

- ▶ For universal application: in motorbikes, cars and commercial vehicles
- ▶ Long term durability due to corrosion resistance and robust structure and design
- ▶ Small size
- ▶ Simple installation

## Connecting Devices

- ▶ Plugs and plug connections
- ▶ Spiral cables
- ▶ Cable connectors
- ▶ Universal connectors and extension cables
- ▶ Fuses and fuse holders

## Relays

- ▶ Extensive product range reaching from micro-relays to power relays
- ▶ Great applicability: for 12V and 24V components
- ▶ Also for switching high powers
- ▶ Resistance against vibration and shocks, that set examples

## Switches

- ▶ Millionfold approved technology
- ▶ For various types of vehicles: cars, commercial vehicles, construction vehicles, agricultural and special vehicles.
- ▶ Availability guarantee: including switches for older vehicles
- ▶ Novelty within the product range: built-in switches with exchangeable function symbols
